

Eleuthera Island Treasure Map

GETTING TO ELEUTHERA

US citizens with valid passports can arrive by ferry, private boat, or fly in to one of three airports. Ferries go between Gene's Ferry Dock, Harbor Island, Spanish Wells and Nassau.

GETTING TO RIDLEY HEAD

Take a taxi from the airport or ferry dock or rent a car.

The enclosed Treasure Chest contains shells, rocks, sand and dead coral found on the beaches of Eleuthera and elsewhere.

What do YOU see when you look at Eleuthera Island?

Some people think Eleuthera Island looks like a drinking bird.

Look for pink sand in your Treasure Chest.

Others think Eleuthera looks like a seahorse, which is AMAZING, since you REALLY CAN find seahorses here, in addition to manatees, stingrays and sea turtles.

Look for a "Drinking Bird" science project in your Pirate's Loot!
